

INDIANA ENVIRONMENTAL STEWARDSHIP PROGRAM ANNUAL PERFORMANCE REPORT

State Form 53475 (11-07)
INDIANA DEPARTMENT OF ENVIRONMENTAL MANAGEMENT
ENVIRONMENTAL STEWARDSHIP PROGRAM

Indiana Department of Environmental Management

Office of Pollution Prevention and Technical Assistance 100 North Senate Avenue IGCS W041 Indianapolis, IN 46204-2251 Telephone: (800) 988-7901

FAX: (317) 233-5627 E-mail: esp@idem.IN.gov www.in.gov/idem/prevention/esp

When to use this annual report form...

STOP! Is your facility a member of the U.S. Environmental Protection Agency's National Environmental Performance Track <u>and</u> Indiana Environmental Stewardship Program? If so, please use the U.S. EPA National Environmental Performance Track Annual Performance Report form available at http://www.epa.gov/performancetrack/program/report.htm. The U.S. EPA will notify IDEM after receiving your annual performance report.

GO! Please use this annual report form if you are <u>only</u> a member of the Indiana Environmental Stewardship Program and <u>not</u> a member of the National Environmental Performance Track. Your Annual Performance Report should be reviewed and signed by a senior manager at your facility prior to submittal. Once signed, fax, mail, or e-mail the report to IDEM. If you have any questions, please contact the ESP Program Manager at 800-988-7901.

The Indiana Environmental Stewardship Program (ESP) Annual Performance Report should demonstrate progress toward objectives and targets AND certify ESP requirements continue to be achieved. The Annual Performance Report should cover the twelve (12) month calendar year and include the status of projects committed to in your facility's original ESP application, results of completed projects, and assurance that an annual internal environmental management system audit was conducted by your facility. Indiana ESP facilities must submit an Annual Performance Report by April 1st of every year, for each calendar year in which the entity has been a member for at least three (3) full months.

Please do not include any confidential business information in your Annual Performance Report. Public access laws require IDEM to make the Annual Performance Report publicly available, which may include posting all portions of your report on the Indiana ESP Web site.

SECTION A FACILITY INFORMATION
Name of Facility
Fun Country Marine Industries, Inc.
Name of Parent Company (If applicable)
Forever Resorts
Street Address (number and street)
9801 South Grant
City/State/ZIP Code
Muncie, IN 47302
Facility/Company Web site
funcountrymarine.com
CONTACT INFORMATION
Contact Name (Mr./Mrs./Ms./Dr.)
Mr. Don Dennis
Title
Draftsman / Facilitator
Telephone number
(765) 288-8246 ext. 105
FAX number
(765) 282-0539
E-mail address
ddennis@fcmboats.com
Mailing Address (if different from facility address)
City/State/ZIP Code
City/State/21F Code
Reporting Period Dates
January 1, 2008 thru December 31, 2008
If this is your third Annual Performance Report, do you wish to renew your Indiana Environmental Stewardship Program membership?
YesIf yes, please complete all sections of this annual report.
☐ NoIf no, you can skip Section D of this annual report.
CHANGE IN INFORMATION
In your ESP application and, perhaps, in previous annual performance reports, you described what your facility does or makes. Have there been any changes or additions to your facility's list of products or activities? If so, please list them in the space below.
Although our main activity remains houseboat manufacturing, proudction has decreased significantly.

Why do we need this information? IDEM needs information on the performance and assessment activities of your Environmental Management System (EMS).	MENI SYSI	Please summa	What do you need to do? arize your facility's EMS assessments. Attach additional sheets as necessary.
Is your facility currently registered to a recognized third-party EMS		,	Attach additional sheets as necessary.
standard? Step Standard?	Year:	2007	
a. If yes, when was an EMS audit or other assessment last	Type:	ISO 14001	
conducted by an independent third party at your facility? Please provide the <i>type</i> (e.g., ISO 14001 certification), scope, and month of the last assessment.	Scope:	Policy, Planning, Is and Management (mplementation, Checking entire facility)
□ No	Month:	October	• ,
 If no, when was an internal or corporate EMS audit last conducted at your facility? Please provide the scope and month of the last assessment.

SECTION C ENVIRONMENTAL IMPROVEMENT INITIATIVE RESULTS Why do we need this information? What do you need to do? Facilities need to share the results of the environmental Use the following table to summarize your facility's environmental improvement initiative that was pursued during the reporting period. performance as compared to your ESP environmental improvement initiative. Category: Waste Aspect: Specific Information on Aspect (optional): Progress during year **Environmental Improvement** Cost Savings Baseline 2008 Initiative Goal (if applicable) Actual Quantity 92600 115880 110086 (per year) Measurement Unit pounds pounds pounds Normalized Quantity (per year) 5144.44 4138.57 Basis for your Normalizing Factor 28 18 (e.g., gallons of paint produced) Briefly describe how you achieved improvements for this aspect or, if relevant, any circumstances that delayed progress. As production slowed, efforts were shifted to non-production activities many of which contributed to our waste to landfill. Please list any state, EPA, or other partnership programs to which you are reporting this data (e.g., Energy Star, Project XL). (Optional) If your facility has experienced continued results for environmental improvement initiatives pursued in past years of ESP membership, please share those results here. **SECTION D** ENVIRONMENTAL IMPROVEMENT INITIATIVES Why do we need this information? What do you need to do? Refer to the Environmental Performance Table. Facilities need to demonstrate their commitment to improving environmental performance. For ESP membership, you must identify three (3) environmental improvement initiatives for each 3-year membership term. One (1) initiative was identified in the application and the remaining will be identified each year in the annual report. Identify the new initiative that will begin this year by answering the following questions. Choose an indicator from the Environmental Performance Indicator Table to measure the identified environmental initiative. The Environmental

For ESP membership, you must identify three (3) environmental improvement initiatives for each 3-year membership term. One (1) initiative was identified in the application and the remaining will be identified each year in the annual report. Identify the new initiative that will begin this year by answering the following questions. Choose an indicator from the Environmental Performance Indicator Table to measure the identified environmental initiative. The Environmental Performance Indicator Table is provided with the ESP Application and is also available at http://www.in.gov/idem/prevention/esp/table.doc. The indicator you select for your initiative should be related to the objectives and targets in your EMS. Where possible, indicators should also be identified as having a significant environmental impact in your EMS. No more than two of your indicators can be from the same environmental category during the 3-year term. If you are not sure how your objectives and targets fit into the indicators from the Environmental Performance Indicator Table or whether your indicators are significant, call IDEM at 800-988-7901.

Please complete the following questions according to the environmental indicator you selected from the Environmental Performance Indicator Table. Additional information is required for air, hazardous waste, solid waste, and energy indicators as requested in Appendix 1.

- 1a What category have you selected from the Environmental Performance Table? (If the category is Energy Use, Waste, or Air Emissions for Total GHGs, please turn to Appendix 1 to complete additional questions pertaining to the category you have selected.) **Energy Use**
- 1b What indicator have you selected from the Environmental Performance Table? Non-transportation
- 1c All measurements should represent the performance level for the indicator across the entire facility. For many indicators, you may choose to focus your initiative on a specific subset of the indicator (e.g., a specific material, process, VOC, group of toxic air emissions, or particular waste component). Does your initiative include everything covered by the indicator (e.g., all VOCs, all non-hazardous waste), or a specific process, substance, or component (e.g., ethane, cardboard)?

☐ Specific

If your initiative is specific to a substance or component, please provide additional detail on your indicator (e.g., specific chemical to be reduced, specific waste component).

- 1d What activities or process changes do you plan to undertake at your facility to accomplish your initiative (e.g., technology changes in a particular process line, employee training)? Facility upgrades, employee training and limiting use of high consumption equipment
- 2a Does this initiative address a significant aspect in your EMS?

2b If no, please explain why you believe this indicator should be included as an environmental improvement initiative.

Stop! If the category listed in Question 1a is Energy Use, Waste, or Air Emissions for Total GHGs, please skip Questions 3a – 3b below and turn to Appendix 1 to complete the questions pertaining to the category you listed. After completing Appendix 1, return to question 4 and complete the remaining questions regarding your facility's environmental improvement initiative.
3a What units are you using to quantify this indicator? (Please refer to the Environmental Performance Indicator Table for the acceptable units for each indicator.)
3b List the baseline annual quantity of the indicator and the annual quantity you are committing to achieve by the future year. Baseline quantity Year Future year quantity (not including production) Year
 4 Does the quantity presented in the future quantity column represent an absolute goal or a normalized goal? ☑ Normalized goal (i.e., indexed to level of business in baseline year) ☐ Absolute goal (i.e., demonstrates improvement even if production increases)
5 Whether your goal is absolute or normalized, you will need to provide normalizing factors and normalized quantities in your annual performance reports. Please briefly describe your basis for normalizing. Examples of potential normalizing basis include: gallons of paint produced, square feet of circuit boards sold, number of patients seen, dollars of sales adjusted for inflation, or number of employees (for R&D and administrative sites only). Hours worked
6a Are you subject to Federal, State, tribal, or local regulatory requirements for this indicator? ☐ Yes ☐ No
6b If yes, explain how your initiative exceeds regulatory requirements.
SECTION E Why do we need this information? IDEM needs to know how environmental information was shared with the public. PUBLIC OUTREACH AND PERFORMANCE REPORTING What do you need to do? Describe how the facility has shared and plans to share environmental information.
Please briefly describe the activities that your facility conducted during this reporting period to interact with the community on environmental issues and to report publicly on its environmental performance. Feel free, but not obligated, to attach supporting materials (e.g., meeting agendas, public announcements). We added the Environmental Stewartship Program (ESP) logo to our sign and e-mails.
For our 500th boat celebration, we hosted a openhouse which included Commissoner Easterly welcoming Fun Country Marine to the ESP, a newspaper article and a press release.
Please indicate which of the following methods your facility plans to use to make its ESP Annual Performance Report available to the public. Please check as many as appropriate.
☑ Website (http://www.funcountrymarine.com)
☐ Open House
☐ Meetings
☐ Press Releases
Community Advisory Panel
☐ Other
SECTION F ADDITIONAL INFORMATION Why do we need this information? What do you need to do?
This information will help IDEM to effectively manage the Environmental Stewardship Program. Answer the questions as completely as possible.
 In addition to ESP, please list environmental awards received or voluntary programs participated in during the past twelve months (include information about each particular program). Performance Track (EPA)
2. Has your facility taken advantage of any ESP incentives? If so, please describe the implementation process and list additional benefits IDEM should

3. If your facility was not registered to the ISO 14001 standard prior to becoming an ESP member, has ESP helped you to pursue registration? If so, how has ESP been instrumental in achieving registration?

We were registered prior to joining the ESP

Current ESP incentives do not apply.

- 4. Explain the measured or perceived results from receiving, documenting, and responding to external communication. The newspaper is the only external connunication we have had.
- 5. How have community residents and businesses reacted to your facility participating in the Indiana Environmental Stewardship Program? Members of the community attended our openhouse.
- 6. According to the measurement program developed and implemented by your facility to measure Environmental Management System success, is your facility's EMS successful? Why or why not? If not, what changes will be made to ensure continual environmental improvement and future EMS success?

Our EMS System is working. We have a facility wide recycling program in place. We plan to enhance our program through follow up training, reviewing our needs with our recycler and adding containers where needed.

CERTIFICATION AND PLEDGE

On behalf of Fun Country Marine Industries, Inc. (name of facility),

I certify that the information contained in this Annual Performance Report and attachments is accurate to the best of my knowledge and that this facility is, to the best of my knowledge and based on reasonable inquiry, currently in compliance with all applicable federal, state, and local environmental requirements, or has a corrective action program in place to attain compliance.

We, Fun Country Marine Industries, Inc., commit to maintaining the principles and goals outlined in our Environmental Management System for our facility's Indiana Environmental Stewardship Program status. We agree to strive for full compliance with all regulations promulgated by the U.S. EPA, state, or local jurisdictions. We agree to promote the Indiana Environmental Stewardship Program and to share our success stories with other facilities. We understand that the Annual Performance Report must be submitted to IDEM by April 1st of each year and that we must reapply to the Indiana Environmental Stewardship Program every three years.

I understand that the information provided in this Annual Performance Report will be public record. I am the senior facility manager or authorized facility signatory, and fully authorized to execute this statement on behalf of the corporation or other legal entity whose facility is submitting this Annual Performance Report.

Signature Title Assistant General Manager Date (month, day, year)

Please mail, fax, or e-mail your completed Environmental Stewardship Program Annual Performance Report to:

IDEM-OPPTA ESP Program Manager MC 64-00 IGCS W041 100 North Senate Avenue Indianapolis, IN 46204-2251

FAX: 317-233-5627 E-mail: esp@idem.IN.gov Additional questions for environmental improvement initiatives for the following categories/indicators:

In the table below, please enter the amount of energy that you currently use and that you intend to use in your future reporting year. Break the energy use down by fuel type. Please note that you need only complete those lines that are relevant to your facility. If all of your energy is purchased from a local electricity generator, you may only need to complete the first line. If the facility uses natural gas, please be sure to complete the appropriate line (natural gas is typically combusted on site so it is listed in the "onsite" section).

Please note that this table categorizes sources of energy according to where the energy is generated.

За	Is the goal of your energy use commitment to:
	□ Reduce total energy use
	☐ Invest in renewable energy sources
	☐ Combination of both strategies

3b How much energy of each type does your facility use?
